

PIMP MY KEYBOARD

Keyset Designs - License and Royalty Payments:

1. Before submitting a keyset design, the Designer will confirm, through return email, that they are the creator of the design, and that they have the legal right to use the images included in the design.
2. The Designer agrees that by submitting keyset designs for posting on Signature Plastics' website, they are licensing Signature Plastics to use the design to produce and sell keysets based on the design.
3. Signature Plastics has the right under the license to:
 - a. decide whether or not to produce and sell keysets from the submitted design;
 - b. combine and/or eliminate child deals from the submitted design;
 - c. determine the quantity of keysets to produce and sell;
 - d. schedule when the keysets will be produced and sold;
 - e. establish the selling price of the keysets produced from the design;
 - f. use the design for marketing and promotional campaigns.
4. The Designer has the right under the license to:
 - a. pre-approve and authorize any changes to their design that Signature Plastics may suggest;
 - b. submit the design to other manufacturers/sellers;
 - c. rescind the rights given to Signature Plastics under this agreement provided a 60 day written notification is given to Signature Plastics prior to termination of the license. Signature Plastics retains the right to complete all work-in-process and sell all inventory related to that design following termination of the agreement.
5. In exchange for the license, Signature Plastics agrees to pay the designer a royalty payment of 5% of the net value of keysets sold through our Key Shop using that design.
